

REMARKS

Claims 69-73 are pending and under examination. No amendments were made with this submission.

Examiner Romeo communicated to Applicants by a June 20, 2005 telephonic interview with the undersigned that claim 72 of the above-captioned application is rejected for obviousness-type double patenting over claim 10 of U.S. Patent No. 5,733,878 and claim 13 of U.S. Patent No. 5,656,593. Both patents have been assigned to the assignee of the instant application. The Examiner stated in the interview that the application is otherwise allowable, and invited Applicants to either cancel claim 72 or file a terminal disclaimer with regard to the two patents referenced herein. The June 28, 2005 Office Action reflects the contents of the telephone interview.

In response, Applicants hereby submit a terminal disclaimer to disclaim the term beyond those of the two patents. Accordingly, Applicants believe the application is now in condition for allowance.

Applicant believes no fee is due with this submission other than the \$130.00 statutory disclaimer fee. The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 18-1945, under Order No. JJJ-P05-518. A duplicate copy of this paper is enclosed..
